## Professional Summary

Senior Software Engineer with 10+ years of experience building and modernizing .NET enterprise applications across HCM and life sciences. Led teams and delivered integrations, reporting, and workflow automation with measurable business impact. Developed AI-generated narrative insights for payroll reports at Oracle and independently built CloudCRM Support RAG with vector search, reranking, and retrieval evaluation.

## Experience

Feb 2022 - Present
**Senior Software Engineer**, Oracle India Pvt Ltd, *Hyderabad* .

- Developed a Java-based AI narrative insights feature for Payroll Summary and Payroll Liability reports, enabling finance users to review key payroll results in plain language.
- Designed and delivered the New Hire Report with third-party integrations, saving Operations approximately 3 hours per day; post-launch fixes reduced exception notifications by 60%.
- Delivered EZStart enhancements that cut onboarding time by 60 minutes per customer and saved approximately $15K annually, with zero production defects.
- Refactored a previously untested legacy codebase to enable unit testing, increasing coverage from 0% to 15%.
- Built and scaled the HCM India Back Office team, mentoring new hires in Microsoft tech stack and C#, enabling rapid ramp-up to full productivity.

Dec 2015 - Dec 2021
**Technology Analyst**, Infosys Ltd. *Hyderabad* .

- Developed full-stack applications for a global life sciences client using C#, ASP.NET, VB.NET, ASP.NET MVC, SharePoint, SQL Server.
- Designed and developed a configurable SLA notification system, enabling business users to receive critical alerts via email, improving SLA compliance and reducing missed deadlines.
- Developed a self-service reporting application with Excel, CSV, and PDF exports, saving approximately 10 hours per week of manual reporting.
- Mentored 10+ new hires in application architecture, domain processes, and Microsoft technologies.

May - Jul 2014
**Research Intern**, Walamtari, *Government of Telangana* , Hyderabad.
Designed, tested, and deployed Arduino-based water monitoring systems using sensors.
Technical summary: `http://watermonitoringsytemsbyusingsensors.blogspot.in`

- Supervised By: Dr. Sai Bhaskar Reddy N
- *Platform: Arduino*

## Technical Skills

**Programming Languages:** C#, Python, Java, JavaScript

**Frameworks:** .NET Core, ASP.NET, ASP.NET MVC

**Applied AI:** RAG, LLM integration, embeddings, vector search, reranking, retrieval evaluation, Ollama

**Databases:** SQL Server, Oracle Database, Neo4j AuraDB

**Tools:** Git, MSTest, NUnit, Streamlit

## Selected Projects

Mar 2026 **CloudCRM Support RAG**, Built and deployed a support question-answering app over 102 documents, using Neo4j vector search to retrieve sources for cited answers.
Implemented a reranker combining semantic similarity (70%) and keyword overlap (30%).
Built a 43-question retrieval evaluation pipeline, achieving 89.3% Recall@10 across 42 evaluable questions.
Git: `https://github.com/nshiva/CloudCRMRAG`
Technology Stack: Python, Neo4j AuraDB, BGE embeddings, Ollama, Streamlit
Live at: `https://cloudesk.streamlit.app/`

Aug 2021 **LoadMiles**, Built a logistics management application for trucks, trailers, drivers, personnel, and accounts.
Technology Stack: Node.js, Angular, MongoDB, Git, AWS, CircleCI
Live at: `http://loadmiless3.s3-website-us-east-1.amazonaws.com/`

Sept 2020 **Nation First - Chrome Extension**, Built a Chrome extension that identifies the manufacturing country of products on e-commerce sites.
Technology Stack: Java, JavaScript, Node.js, Puppeteer, Git

Dec 2016 **MinDues**, Customer Due Management System for small businesses.
Technology Stack: Ruby on Rails, PostgreSQL, Git, Heroku

## Education

2011-2015 **B.Tech - Electronics and Communications Engineering**.
IIIT Basar (RGUKT), Telangana

## Relevant Certifications

Coursera **Retrieval Augmented Generation (RAG) - DeepLearning.AI** *4UC3TII22VJP*

Coursera **Generative AI for Everyone - DeepLearning.AI** *8O3QHIZG9907*

Coursera **How Google does Machine Learning - Google Cloud** *JUAQZRT76YRR*
